TRADITIONAL TO CONTEMPORARY... A STONE FOR ALL AGES

The Avenza Collection transcends time. The combination of a natural marble with classic and traditional shades of black and white results in a legacy. This integration of both classic and contemporary shapes and sizes utilizing the art of mosaics make it an immemorial design. The finely honed (lightly polished to a low sheen) surface of the stone has a delightful array of metro tile shapes; traditional hexagons provide for almost endless applications. Stately, refined and versatile, this collection is destined to be a mainstay in traditional to minimalistic environments.
