

SLIDES MOSAIC
COLLECTION

PROPHETIC DISTINCTION... VISIONARY RESULTS.

We are proud to introduce the Slides Mosaic Collection, a modern take on one of the world's oldest and artistic practices. Mosaics were often chosen as an alternative to painted frescos in the most historic structures. With the Slides Mosaic Collection, clean lines blend seamlessly with deconstructed design, adding a blend of old-world flavor with contemporary extravagance to your space..

A NEW WORLD... A NEW STYLE.

As manufacturers and designers all over the world search for ways to help the environment, designing a space with an eco-friendly theme has never been easier. We are proud to introduce The Green Products, an eco-friendly line devoted to modern conservation and stylish responsibility. Rather than destroying remaining bits of natural stone from cut tiles, The Green Collection boasts carefully recovered pieces that are creatively used in new designs, making each piece unique and distinctive.
